The third round of the playoffs is to be played on the back nine.

Both teams must agree to the starting tee times. There may be some starting times that will have to be scheduled after five because of work committments. In this case, arrangements must be agreed upon by the participating teams.

If there is a tie after nine holes, Teams will go to #10 tee. Use the HDCP holes on the score card if strokes have to be given because of differences in hdcps. Book your tee times in the pro shop or online. Please record your results at the bar and leave your card in the box. Losers of this round will be eliminated. Spares cannot be used in the playoffs.
