THE MIRAMICHI GOLF & COUNTRY CLUB INVITES YOU TO ADOPT A TREE IN HONOUR OR IN MEMORY

Dear members,

As part of our ongoing efforts to improve both the golf course and clubhouse, hence the community, the Miramichi Golf & Country Club has recently undertaken major renovations aiming to attract current and new members to use our facilities as a fun and natural gathering place.

We firmly believe that golfers, both children and adults, are entitled to a fine golf course and clubhouse where they can meet other golfers and socialize after their match, if only to brag about their handicap, lament missed opportunities, or pick up golfing tips from each other. This socializing is a sure creator of memories that will sustain our brand image, making it an inviting and comfortable hub for all golfers.

Golfers are known to appreciate nature and to acknowledge that trees provide both functional and aesthetic benefits that enhance the quality of our natural surroundings. Thus, we have planted rows of trees for the protection of golfers, creating a separation between holes. Throughout the ages, trees have come to represent a variety of symbolic meanings for different people, be it “immortality”, “protection”, “life” or “strength”.

We wish to offer you the opportunity to **adopt a tree in honour or in memory** of a person or an event.

This year, we have twenty (20) trees available for adoption. You or a group of people can adopt a tree for any occasion.

Here are some options:

- **Memory tree to honour a deceased friend of the Miramichi Golf & Country Club**

What a wonderful way for families to honour a loved one and keep their memory alive! You can be sure that your loved one will be proud and happy to be in a place he or she enjoyed and loved.

- **Birth tree to celebrate an event**

Adopting a birth tree to celebrate a new baby in the family, whether by the parents or grandparents, will be enjoyable to watch this beautiful symbol of their child or grandchild flourish and grow. As the tree grows, the child will have fun sharing the story of “the birth tree” and how he or she helped to make the planet greener.

- **Friendship tree**

Celebrate long-term friendship by dedicating an adopted tree to honour one or more people with whom you have shared memorable moments. It's a thoughtful gift that will be cherished forever.

By adopting a tree, you are helping to improve the Miramichi Golf & Country Club.

Once the adoption is complete, you will receive, for every tree you have adopted:

- Access to a **digital photo** of the tree you have adopted
- A **description of the location** of the adopted tree
- The honoree or family will receive a signed personalized **adoption certificate**, including the name of the person honoured, the name of the person who adopted the tree, the location, and the date
- A **plaque** will be installed on the tree or at the base of the tree
- The Miramichi Golf & Country Club will **maintain the tree** for a period of 10 years
- If the tree dies, the Miramichi Golf & Country Club will replace it free of charge
- The cost of a one-time replacement if your plaque is stolen or vandalized.
- A recognition plaque containing the name of the honoree and the donator inside the clubhouse.

The Miramichi Golf & Country Club invites you to celebrate the adoption of your tree by hosting a small luncheon or reception at the clubhouse.

Here are suggestions:

- Send out invitations to those you wish to attend the tree adoption ceremony. A representative of the Miramichi Golf & Country Club executive will be present.
- Hold a ceremony where you could:
Write an honorary poem or speech about why you are honouring the person and what the adopted tree means to you and your family/group
Ask those attending to offer simple statements of appreciation for the honoured person.

If you wish to use our bar and restaurant facilities to celebrate, the Miramichi Golf & Country Club will give you a 20% discount for the day.
